To process this application we will also need to see

- your actual driving licence

- your driving record from DVLA via the "View or share your driving licence information" page available at www.gov.uk/view-driving-licence *

*If you require our help with this, please bring your Driving Licence and details of your National Insurance Number with you to the REWDT Office.  You may need to make an appointment, so please call us beforehand.  Alternatively you can forward the personal code you receive from this website to us so that we can check and download your driving history.

Either call the REWDT Office on 821229 or email it to us at info@rewdt.org.

We will need to show you around the car as well as how to charge the vehicle, should you need to.  We will also show you how to gain access to the vehicle.

Then you can drive the car!
